# S-76B Serial No. 760355 N7689S

Sikorsky S-76B N7689S was purchased new by a New York area Fortune 500 corporation and acquired by Sikorsky's wholly-owned subsidiary Associated Aircraft Group (AAG) who has operated the helicopter continuously for Executive Transportation until May 2008. AAG has meticulously maintained this fine helicopter and operated it under FAR Part 135, FAA's most stringent operating rules.

AAG proudly offers N7689S for sale with a recent 12-month inspection and with Sikorsky PAP and JSSI support programs in place and transferable to a new owner. AAG would be pleased to discuss full operations or maintenance management agreements with prospective buyers and can also assist in re-configuration, refurbishment, or re-painting.
